GREAT JAMESTOWN EXPOSITION OPENED

Navies of the World Drop Their Anchors at Norfolk.

PRESIDENT OPENED EXERCISES

Great Naval Display in the Harbor, the Military Pageant on the Parade Grounds and President Roosevelt's Speech Principal Features of Day.

Norfolk, Va., April 27.—Norfolk is the world's goal today (Friday). Instead of being a mere port, it is an over-populated city into which travelers come every hour. The navies of the earth are dropping their anchors in its port. Along its narrow streets the tongues of all parts of the globe are heard. And beneath the whispering pines and ancestral oaks on the low-lying shores of Hampton Roads people by the thousands hurried in every conveyance possible, from electric cars to old wagons, to view the buildings and grounds of the exposition that was opened by the president of the United States Friday.

At sunrise the Norofik Light Infantry Blues fired a salute of three hundred guns to usher in the commencement of the day opening the exposition at Jamestown.

Upon the arrival of President Roosevelt on the Mayflower in Hampton Roads a salute was fired by the United States and foreign warships there assembled. When the president arrived at the exposition grounds he was met at the end of the government pier by a military escort, and saluted by the United States artillery, stationed on the exposition grounds. At 11:30 o'clock the president was escorted to the reviewing stand. The order of the opening exercises was:

Prayer by the Rt. Rev. Alfred Magill Randolph, bishop of the diocese of southern Virginia; introduction of the president of the United States by Hon. Harry St. George Tucker, president of the Jamestown Exposition company; address by President Theodore Roosevelt; opening of the exposition by the president of the United States.

When the president pressed the gold button it was at the same time a signal for the unfurling of more than 1,000 flags on the various buildings of the exposition, and also a salute to the union by the United States and foreign ships assembled in Hampton Roads, and by the garrison at Fort Monroe.

At the conclusion of the salute all of the bands on the exposition ground played the 'Star Spangled Banner."

Immediately thereafter the president reviewed the parade, of which Major General Frederick D. Grant, of the United States army, was grand marshal.

The great naval display in the harbor in full view of the magnificent boulevard that stretches between the state buildings and the harbor the length of the grounds; the military pageant on the parade griund and the president's speech were the principal features of the opening day.

From 5 to 6 p. m. a reception was tendered the president by the officers and directors of the exposition company in the rotunda of the Auditorium building.

Boy Fell and Broke Jawbone.

Eufaula, Ala., April 27.—Master Bascum Dowling, the little son of Mr. and Mrs. P. H. Dowling, while playing around at the new theater building which is now in course of completion, fell from the first floor, breaking his jawbone and receiving other injuries, but which will not prove fatal. He is expected to be out in a few weeks.

First Skyscraper for Tifton.

Tifton, Ga., April 27.—Mayor S. M. Clyatt has let the contract to T. H. Amason for Tifton's first skyscraper, dirt for which was broken by Mayor Clyatt and Judge R. Eve on Thursday. It will contain five stories, besides the basement, in which the furnace and machinery for operating

CONE RESOLUTION A LOST MEASURE

Was Snowed Under Beautifully by House Friday.

CARDS WERE WELL PLAYED

But the Resolution Did Not Have Sufficient Friends to Perfect Its Passage. Other Interesting News from the Lower House.

The Senate was not in session Friday, that body, on motion of Senator Broome, having adjourned over until Saturday morning in honor of Memorial Day.

The House held a session nearly an hour shorter than usual, in order to give time for the decoration of the hall, which, on account of inclement weather, was to be used for Memorial Day exercises, beginning at 5 in the afternoon.

The final defeat of the resolution providing for joint committee to visit Lake City and former university property and make a report thereon, closed a rather long battle, that together with preliminary skirmishes incident thereto, has occupied a good deal of time and attention of both branches of this Legislature.

The effort to reconsider the vote by which the bill providing for teachers' summer training schools, was passed, was likewise unsuccessful, the House going so far as to not only pass the House bill covering the proposition, but the companion bill from the Senate as well.

Most of the members of the Legislature attended the memorial exercises in honor of the Confederate dead in the afternoon. The principal address was delivered by Justice Parkhill, of the supreme court.

PROCEEDINGS OF HOUSE.

The session of the House was an hour shorter than usual, owing to the exercises of Memorial Day, which were held in tne room beginning at 5 o'clock.

The following were among the new bills presented:

By Mr. Doke of Alachua—New charter for city of Alachua, Fla.

By Mr. Doke of Alachua—Appropriate $24,025.49 to reimburse certain counties for armory rent.

Fifteen minutes after convening the House took up the select order of the day, and Mr. Kirkland of Lake moved a reconsideration of the vote by which House bill No. 20 was passed Thursday. Mr. Kirkland said he wanted it distinctly understood he was in favor of giving the teachers of the State all reasonable assistance but read from the report of the State superintendent Public Instruction to show that the State normals were patronized very largely by the counties where the schools are located only, and though the normal course at the University of Florida and female college were sufficient.

Mr. Matthews of Marion contended that the establishment of the two State normals would be local rather than general, and he would prefer that each county be given $200 to conduct a normal for one month Mr. Howell of Santa Rosa said he had changed his mind since Thursday, and hoped the bill would not be reconsidered. He announced that at the proper time he would introduce a bill to appropriate a sum to pay the actual traveling expenses of the teachers to the State normals.

Mr. Dudley of Hillsboro, chairman of the committee on education, contended that under the Buckman law it was impossible to locate the normals anywhere except at Tallahassee-Gainesville. It required an [additional year to] complete the course [in the] colleges.

the Senate, and the Senate bills were referred to the proper committees.

Senate bill No. 272, creating a county court for Lafayette county, was passed under waiver of rules, yeas 42, nays 0.

Mr. Wilson of Hernando, moved a waiver of rules, and that Senate bill No. 113, requiring teachers' summer training schools, a companion bill to House bill No. 80, be passed without being placed on the calendar. Agreed to, and on final passage the bill received 33 affirmative and 12 negative votes. It will now go to the Governor for his signature. And House bill No. 89 will die a natural death. The bills are identical.

Cone Resolution Lost.

Under the bills on third reading was the famous Cone resolution, providing the appointment of a committee to visit and investigate the former University building at Lake City and report was brought up, creating a warm controversy both for and against the passage of the resolution.

Mr. Knight of Columbia moved to substitute House concurrent resolution No. 10, by Mr. Cone, for House concurrent resolution No. 17, by Mr. Rowe of Madison, both relating to an inspection of the University property at Lake City.

The motion received 20 ayes and 28 nays on the roll call, and was declared lost. The question then recurred to the adoption of House concurrent resolution No.17. Mr. Rowe moved the adoption of the resolution.

Mr. Matthews of Marion made a poetic comparison of the assassination of Caesar with the resolution. Mr. Rowe raised a point of order which was not sustained. Mr. Matthews warmly commended the Buckman law, and opposed any move looking toward the re-establishment of any of the deceased State colleges. Mr. Willis of Gadsden couldn't see any harm in investigating the State's property. Mr. Wells of Leon read the report of the State Board of Education upon the matter, and thought if this board could not get $15,000 for the property, and if the board had the right to dispose of the property it would not be necessary to investigate.

Mr. Wartmann of Marion vigorously opposed the resolution and thought the Legislature should sustain the action of the Board of Education and the Board of Control.

Mr. Knight of Columbia said the Legislature was investigating everything from Key West to Pensacola and when the session convened the gentleman of Marion was in the forefront of them who wanted stenographers and attorneys and accountants and everything else under the sun to investigate the State officials in whom he has now such great confidence. Some people seemed to think the great Buckman law had been enacted into the constitution of Florida. The resolution meant simply that the people of Lake City were offering the property, which was offered to them in return for the $15,000 given by Lake City to the university, to people of Florida who erected the buildings for what use might be made of them.

The loss of the university was not nearly so great to the people of Lake City as to the people of Florida. He had lived in eight miles of Lake City for twenty-one years and warmly defended the moral atmosphere of Lake City, and that the man who says the school had to be moved on account of the moral atmosphere of Lake City, is a "malicious prevaricator." He reviewed the history of the university and claimed the State was under a "moral contract" to maintain the college at Lake City, and that suits brought by the people of Lake City were in the interests of the citizens of Florida.

Mr. Wilson of Hernando could see but one motive in the resolution, the driving of the thin edge of the wedge, and engaged in a colloquy with Mr. Knight.

Mr. Bradshaw of Hamilton opposed the resolution.

The main question was put, and the chair declared it lost. Mr. Knight demanded a roll call, which was not

PRICE OF COTTON TIES IS ADVANCED

Steel Combination is Putting Screws on the South.

TEN CENTS PER BUNDLE ADDED

This Year the Farmer Must Pay 95 Cents a Bundle, as Compared with that of 85 Cents, the Price Asked Last Year.

Pittsburg, Pa., April 27.—The cotton tie market was opened Thursday by the United States Steel corporation and prices advanced 10 cents a bundle. There are 2,500,000 bundles of cotton ties ready for shipment from this city to the south. Last year the price per bundle was 85 cents. The advance, which affects the entire southern cotton growing communities, came as a surprise. It is estimated by the steel corporation that he cotton crop will be 20 per cent larger than that of last year.

speaker called the special order. Motion of Mr. Rowe that special order be deferred was carried, and the House took up Senate concurrent resolution No. 10, identical with the House resolution just voted down. Mr. Knight of Columbia moved the adoption of the resolution. Mr. Howell of Santa Rosa moved to indefinitely postpone the resolution. Roll call was demanded, and the motion was carried by a vote of yeas 31, nays 17.

After some other business under special order, the House adjourned until 9 a. m. Saturday.

FIRE AT UNIVERSITY.

Started Under Kitchen Floor, But Extinguished Without Damage.

The culinary department of the University was thrown into a state of agitated excitement at an early hour Saturday morning, when it was discovered that the building was on fire underneath the floor. By quick action, however, by those about the place, the flooring was ripped up, and the flames were extinguished with only slight damage.

The origin was caused by the stove which was not sufficiently elevated from the floor.

MELROSE NEWS NOTES.

Melrose, April 27.—Haisridge Lee has returned from the Atlanta Dental College and expects to open an office here during the summer.

Memorial Day was observed by the raising of the townhall flag at half-past 5 o'clock.

Mrs. H. C. Barnett and baby of Hawthorn are the guests of Mrs. M. J. Barnett.

The first bullbats of the year were seen Wednesday.

I. S. Corrier of Paltaka is spending a few days in town talking photographs.

If it were not for T. A. Birt's supply, fresh vegetables would be very slim; as it is "Pumpkin Patch" truck farm furnishes first-class Irish potatoes, string beans and cabbage.

BABY SHOW WAS A GREAT SUCCESS

Handsome Babies of Gainesville Shown to Good Advantage.

SEVERAL PRIZES AWARDED

In the Evening the Young Ladies Presented a Tableaux, Which Made a Beautiful Effect—Spring Carnival Was Grand Success in Every Way.

One of the most enjoyable, as well as most successful, social events ever held in this city along the same lines was held on the lawn of Col. and Mrs. W. W. Hampton, East Church street, Wednesday afternoon and evening, being the spring carnival given by and under the auspices of the ladies of Holy Trinity church.

This entertainment was more enjoyable, on account of the novelty of its character. The festival began in the afternoon at half-past 3 o'clock by a pony parade, all the ponies of the little folks being lined up with their vehicles handsomely decorated. The parade through the streets attracted a great deal of attention and admiration. The decorations showed remarkable skill in many instances, and the parade was one of the leaders of the function.

In the afternoon there was a baby show—and a great baby show it was, too. Dozens of little tots, boys and girls, were entered from every section of the city by their proud parents, and when the voting for honors in prizes began it was an interesting one. So numerous and so handsome and cunning were all the little ones, that it was indeed a difficult proposition to cast a ballot for the best.

The contest, however, lasted until late in the afternoon, finally resulting in the following decisions:

First prize for girls, little Anna Hutchinson, daughter of Mr. and Mrs. Harvey L. Hutchinson; second, Lillian, daughter of Mr. and Mrs. Geo. P. Long; third, Dorothy, daughter of Mr. and Mrs. M. H. McClamroch; fourth, Esther, dughter of Mrs., Esther C. Jordan.

Of the boys, the first honors were won by Noyes Capehart, son of Mr. and Mrs. Geo. P. Long; second, George, son of Mr. and Mrs. Fred W. King; third, Burkett, son of Mrs. Esther C. Jordan.

It is needless to add that the proud parents greatly appreciated the honors, which were just and proper.

The Evening Exercises.

In the evening the weather was delightfully fair, and about sixteen charming young ladies of the city presented the "Fire Worshippers," a tableaux made famous for its beautiful and striking effect. The tableaux was made all the more impressive and beautiful by various colored lights which were reflected upon the scene.

Delicious refreshments were served during the afternoon and evening, and altogether this was one of the most enjoyable and successful social functions ever seen in Gainesville. It was largely attended and no one has a regret to make for being present.

It is understood that the ladies realized considerably over a hundred dollars from this entertainment, which will be used on the building fund.

Guaranteed Stomach Remedy.

You many ask why J. W. McCollum is able to guarantee to refund the money unless Mi-o-na Stomach Tablets cure when no other remedy for stomach troubles is sold in this manner.

If the stomach is only given a rest by using a digestive, the muscles soon become weak, and it is necessary to continue taking a digestive tablet after every meal. On the other hand, Mi-o-na used before eating strengthens the stomach so that you will soon be well enough to give up the use of medicine.

Mi-o-na costs but 50c box, and makes positive and complete cures. The best proof of its merits is the guarantee to refund the money if it does not cure that J. W. McCollum gives with every box.

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

TO BUILD ANOTHER PLANT.

Eddins Manufacturing Company Will Have Another Fine Building.

Workmen were engaged a few days ago, and already have begun the laying of the foundation of the new planing and cabinet making building of the Eddins Manufacturing Company, which was destroyed by fire about three weeks ago, and which was one of the largest and best of the kind in the State.

While the original plant was a modern one, the company, realizing many improvements which could have been made, propose to remedy this matter now, with the result that they will have a place absolutely up-to-date in every way.

This plant will be equipped with the latest improved machinery, and will be better than ever. It is calculated that the new plant will be ready for work within the next few weeks, if the machinery can be received and installed by that time.

Bought an Automobile.

Dr. M. H. DePass of Archer is determined to keep up with the style, and he will be more easily enabled to do so now, since he has purchased a handsome Cadillac automobile in which he will wade through the deep sands of the Archer section in future.

Dr. DePass passed through the city Wednesday en route from Jacksonville in his new machine, which is a ten-horse power, and one of the handsomest yet seen in these parts. He made the trip from Jacksonville to Gainesville easily in eight hours, which is remarkable, considering the condition of the roads.

The Doctor's friends will congratulate him upon his new purchase.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—MRS. SARAH A. COLE, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

To Make Gainesville Home.

Gainesville will welcome as future residents Mr. and Mrs. F. J. Pons, two daughters and a son, who have arrived from Jacksonville, and are pleasantly located on East Main street N.

Mr. Pons is an extensive naval stoers operator and lumber man, owning several valuable places throughout the State. It is hoped and believed himself and estimable family will be pleased here.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.

NEW CIGAR FACTORY.

Victor Lloyd of Manatee Will Soon Start a Factory in Gainesville.

Gainesville is constantly growing in every branch of commercial and manufacturing enterprise, and the people from the outside are not slow in realizing the benefits this city has to offer in the matter of location, etc.

The latest acquisition to Gainesville are Mr. and Mrs. Victor Lloyd and son of Manatee, who have come to make this their home. Mr. Lloyd, who is a practical cigar maker and tobacco man, after carefully studying over the situation, decided that Gainesville was a pretty good place in which to live and rear his son, taking into consideration the educational advantages and moral atmosphere. He will in a few days establish a cigar factory, and proposes to work a number of men, increasing his business as the demand requires.

Mr. Lloyd expresses himself as being well pleased with Gainesville, its surroundings and its people, and believes the longer he remains the more impressed he will become. Our people will welcome himself and family as residents, and his new factory as another industry in the chain of progress.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Card of Thanks.

Mrs. C. R. Howell desires through The Sun to express her thanks and appreciation to those friends who were so kind and attentive during the illness and death of her beloved husband, and begs to assure them that this kindness will never be forgotten.

S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished and soothed by a cooling, healthful stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. WEDNESDAY'S WORK AT STATE CAPITOL

Wednesday's Session Marked by Oratory in Both Houses.

SEVERAL BILLS INTRODUCED

But the Day in Both the Senate and Lower House Was Mostly Occupied in Oratorical Battles—Judge Carter Made Fine and Impressive Talk.

The Senate was called to order at 10 o'clock a. m. Wednesday with President Harris in the chair and twenty-five Senators responding to roll call.

Mr. Trammell offered Senate resolutions Nos. 45 and 46, requesting that the committee on corporations be requested to return Senate bills No. 8 and 226, relating to franchise tax on public utility corporations and that the former be made a special order for Monday, April 29, at 4 p. m. and the latter for 4:30 p. m. of the same day. Resolutions adopted after explanation from Senator Trammell.

Introduction of Bills.

The following were among the new bills introduced:

By Mr. Canova—Providing for payment of damages for all personal property destroyed by order of Board of Health.

By Mr. Canova—Proposing amendment to section 10 of the declaration of rights of the constitution of the State of Florida, relating to trials of crime.

By Mr. Willis—Presenting the time for holding the terms of circuit court in and for the Eighth judicial circuit of Florida and to repeal conflicting statutes.

By Mr. Hudson—To amend section 3755 of the general statutes, relating to license for hunting.

By Mr. Hudson—Amending Section 3448, general statutes, relating to the penalty for selling liquor without license.

By Mr. Buckman—Prohibiting discharge into open air of dense smoke in corporate limits of cities of 30,000 population, declaring such discharge a public nuisance and providing penalties.

President Harris announced that by request of Senator Massey, the latter was excused as a member of committee on part of the Senate to visit the insane asylum and announced the appointment of Senator Hudson.

Senator Neel was appointed on the committee to visit the State convict camps.

The joint committee completed its visit of inspection to the Florida Female College and Thursday inspected the colored normal and industrial school.

IN THE HOUSE.

The House was called to order at 9 a. m., Speaker Matthews in the chair.

After roll call and prayer by the chaplain, the following business was brought before the body:

Mr. Smith of Lake presented petition from Florida Medical Association endorsing Senate bill No. 20 and House bill No. 100, regulating the powers of the State Board of Heath; spread upon journal on motion of Mr. Smith.

Memorial No. 6, by Mr. Olmstead of St. Lucie—Requesting the removal of the Seminole Indians by the Government from the Everglades to some reservation in the West; committee on Indian affairs.

New Bills.

Following were among the new bills introduced:

Mr. Farris of Duval—Prohibiting misuse of secret society rituals, etc.

By Mr. Register of Hamilton—Relating to taxes on turpentine and timbered lands.

By Mr. McKenzie of Putnam—Relating to settlement of railroad claims by arbitration and otherwise.

By Mr. McClellan of Suwannee—Prohibiting child labor in certain cases.

By Mr. Faulkner of Taylor—Protecting those who have stock killed by another.

Br. Mr. Faulkner of Taylor—Tax upon express companies and others delivering intoxicating liquors.

By Mr. Faulkner of Taylor—Relating to blind tigers.

By. Mr. Parkinson of Volusia—For creation of Atlantic county.

By Mr. Watson of Dade—Creating prison commission and erection of penitentiary for certain convicts, and for other purposes.

Special Order.

At 11 o'clock the House took up the special order of the day, Gov. Broward's message vetoing the bill to require the trustees of the internal improvement fund to pay into the State treasury all funds in their possession, and repealing the act of 1903, providing for the turning over of all moneys left in the fund, after satisfying all claims against it, to the good roads funds of the several counties.

Mr. Carter of Alachua spoke in favor of sustaining the veto, holding that the act would be tantamount to an absolute abolition of the board of trustees of the internal improvement fund. As a member of the House, he was compelled to consider the wisdom and policy of the bill as well as the Governor's reasons for withholding his sanction from the law. The bill itself looked innocent, but a careful scrutiny would reveal "a fine Italian hand" in the interest of a certain set of people, who are interested in this State. Referring briefly to the obligation of the trustees to drain and reclaim the swamp and overflowed lands granted the State by Congress, and denied the right of the Legislature to divert the internal improvement funds from the reclamation of these lands, which, he declared, would be in violation of trust for the benefit of railroad and land grant corporations, and the trampling of honor under foot. His argument that the funds, if placed in the treasury as contemplated by law, could be used only in paying the claims of the corporations, received loud applause. There would be nothing left but the five State officers looking at each other, and the funds in paying land grant claims which were illegal and a fraud against the people. His state of health had prevented his looking up the legal authorities to sustain his position, but personally he doubted the power of the Legislature to abolish the board, and certainly not without making provisions for the winding up of the trust.

Mr. Pettigrew of Manatee, the Socialist side of the House, made a short speech to sustain the veto which was warmly applauded by his Democratic colleagues who agreed with his position.

Mr. MacWilliams, in conclusion, spoke briefly. He agreed with Mr. Carter that many of the land grants were illegal, but as a matter of principle, could not admit that the creature of the Legislature was beyond Legislative control.

Mr. Parkinson held that the trust was a valid contract between the United States Government and the State of Florida, and the Legislature should not cripple the trustees. He thought the laws of the United States cited by the Governor were the best of all reasons for the veto.

The speaker put the question, "Shall the bill pass the Governor's veto to the contrary notwithstanding?"

The roll was called and 13 voting aye and 42 nay, which sustained the veto. Those voting in the affirmative were: Messrs Abernathy, Donegan, Hartsfield, MacWilliams, Melton, Millinor, Morrison, Olmstead, Roddenberry, Taylor, Wartmann, Wells.

By unanimous consent Mr. Matthews of Marion introduced House resolution No. 60—Inviting Congressman William B. Lamar to address the House Wednesday night, May 1, upon the subject of Interstate Commerce. He accepted an amendment by Mr. Carter inviting Hon. Walter Kehot to address the House at the same time upon the same subject; adopted.

Returning to the regular order, the House took up House bill No. 278, by the committee on finance and taxation, relating to procuring license for carrying pistols, rifles and shot guns; passed, yeas 24; nays 18.

The House adjourned until 9 a. m. Thursday.

A FATAL ACCIDENT.

Boiler of Sawmill Near Ocala Exploded, Killing the Engineer.

Roadmaster R. E. L. Robinson of the Atlantic Coast Line returned Thursday from Ocala, where he has been on official business.

Mr. Robinson states that while the train upon which he was en route home was standing at Zuba, a small station eight miles north of Ocala, the boiler of the plant of the Summer Lumber Company exploded with terrific force, which could have been heard for several miles. Iron, brick and rubbish were thrown for hundreds of yards. A piece of iron struck the engineer in the head, killing him instantly. The boiler and engine rooms were a complete wreck.

The Summer Lumber Company is a new firm, the plant having been in operation only about two months.

EUREKA!

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. Dr. Rogers Home.

Friends of Rev. S. B. Rogers, pastor of the First Baptist church, are glad to welcome him home again, after a few weeks spent in an Atlanta sanitarium for the benefit of his health. While he is not yet fully recovered, his friends are grateful that he is feeling much better.

No minister in the city is more popular, or has a wider circle of friends, than Dr. Rogers, all of whom have been anxious to hear of his recovery.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. GASTON, Posco, Ga. This remedy is safe and sure. For sale by all druggists.

NEW TRAIN WILL BE INAUGURATED

Atlantic Coast Line Will Give Fine Additional Service.

FROM OCALA TO JACKSONVILLE

And Return, via Gainesville, Daily. Strictly Passenger and Express Service—Will Prove Great Convenience to the Traveling Public.

It is rumored, and the railroad officials have not taken the trouble to deny the rumor, that on or about May 1 the Atlantic Coast Line proposes to give patrons of its line between Ocala and Jacksonville a superior as well as more convenient service, which will enable people of this section to go to Jacksonville, spend the day and return home in the evening.

It is understood that a new first-class train, which will carry passengers and express only, will be inaugurated between Ocala and Jacksonville, via Gainesville, making a round trip a day. The train will leave Ocala about 5:45 a. m., Gainesville 7:30, arriving at Jacksonville about 11 o'clock. Returning, leave Jacksonville about 5 o'clock in the afternoon, reaching Gainesville at 8:30 and Ocala about 10 o'clock.

This service has been contemplated for a long time, but for some reason or another has never been inaugurated. It is said to be a certainty now, however, and that the next time-card will contain the train.

This train will prove of great benefit to the people of Ocala, Gainesville and intermediate points. Heretofore it has been impossible for people residing in the territory mentioned to visit Jacksonville and return the same day via the Atlantic Coast Line. It is true that in the Cedar Key-Jacksonville train, the Seaboard has given the people of this city an excellent service, which is appreciated, but this fact was no relief to the people along the route of the proposed new train.

ROCKY POINT SCHOOL.

Closed Friday With Picnic, After a Most Successful Term.

After a most successful term under direction of Miss Ada Philpot, the Rocky Point school closed Friday with a most enjoyable picnic, which was largely attended, many visitors from Gainesville, including Mrs. J. L. Kelley, being present. An elegant dinner which had been temptingly prepared by the good ladies of that section, was prepared at the noon hour, and it is needless to add was greatly enjoyed.

In the afternoon there was an exciting game of base ball between the Rocky Point and Gainesville boys, juniors, resulting in the close score of 11 to 10 in favor of the Rocky Points, after playing eleven innings. The Gainesville boys behaved finely, and the people of Rocky Point were delighted to have them. The game was a most exciting one, as it was impossible to determine where the victory would fall until the last inning.

This school year has been a pleasant one, and the children have made excellent progress under the careful and efficient training of Miss Philpot. The patrons of the school are very anxious for her return next term.

MR. DUKE MARRIED.

Was United In Holy Bonds of Matrimony to Miss Mary Crosby in Ocala.

The numerous friends of S. V. Duke of this city will probably be surprised to learn of his marriage, which occurred in Ocala Wednesday afternoon. He was united in the holy bonds of matrimony to Miss Mary Crosby, formerly of Micanopy but later of Dunnellon, Rev. Dr. Dodge of the Ocala Presbyterian church officiating.

Mr. Duke is well known in this section, where he has resided for many years. The bride is also well known here, having attended East Florida Seminary, where she made many friends. She was also an attendant of the normal school here.

Mr. and Mrs. Duke arrived in the city Friday afternoon, and will make their home at Mr. Duke's elegant cottage, East Union street. Friends extend congratulations.

STATE REPUBLICANS WANT ROOSEVELT

Will Endorse His Candidacy for Re-nomination for President.

HON. H. S. CHUBB TALKS

Declares Press Reports to Effect That Florida Delegation Would Stand for Nomination of Secretary Taft Wrong—Praise for the President.

Apropos the recent visit of Hon. Mr. Hitchcock to this State, and his conference with many of the leading Republicans in Florida, among whom was Hon. Henry S. Chubb, receiver of the United States land office in this city, and chairman of the Republican State Central Committee, the correspondent called upon Mr. Chubb relative to the statement made through the press that at a recent meeting of the leading Republicans it was agreed to stand by Secretary Taft for the Presidency at the next national convention.

Mr. Chubb is a power and a recognized leader of his party in this State, hence is in close touch with every Republican of the commonwealth.

The correspondent found Mr. Chubb comfortably seated at a desk in his private office looking over some papers, and when the nature of the visit was explained he expressed a willingness to give an interview which would set the matter correctly before the people of the country.

"I note by press reports that the Republican leaders of the State held a meeting in Jacksonville recently, at which it was agreed that the Florida delegation in the next Republican National Convention would support Secretary Taft for President." ventured the reporter.

"That statement was absolutely incorrect," promptly replied Mr. Chubb. "The reporter was either misinformed, or was indulging in romance. The Republicans of Florida are unanimously and enthusiastic for the renomination of President Roosevelt, and are now considering no other candidate, as he is recognized as the greatest President who ever occupied the White House."

"But has not the present occupant of the White House stated that he is not, and will not be a candidate?"

"Yes, that is correct, and the President is an honest, conscientious man, and meant every word he said, in his statement on election night. But the Republican party and the American people demand a President for the next four years, commencing March 4th, 1909, who has the courage and the great ability necessary to complete the Panama Canal, strengthen the rate bill, enforce the pure food law and regulate trusts and gigantic corporations, and it is now fully realized, not only by Republicans, but by a large army of Democrats, that there is no man in America so fully able and so thoroughly equipped, and with such a high sense of patriotism, to complete this work, as Theodore Roosevelt, and the American people, and the Republican party, are going to ask President Roosevelt, with great unanimity, to modify his determination and accept the Presidency for another four years. And under such conditions I believe that President Roosevelt will eventually yield to the wishes of the people, which means that the Republic will enjoy four more years of great national prosperity."

LEW WALLACE POST.

Annual Meeting Friday, at Which Election of Officers Was Held.

The annual meetng of Lew Wallace Post No. 25, Grand Army of the Republic, which was the largest attended for several years, was held in the office of the commander, Col. H. F. Dutton, Friday, at which the regular routine of business was disposed of, including the election of officers for the ensuing year, as follows.

Commander, H. F. Dutton (re-elected); senior vice-commander, Benjamin Knafzga of Paradise; chaplain, W. T. Morris of Archer; adjutant, F. Prescott Bullock; quartermaster, C. E. Whiting; officer of the day, L. N. LaFontisee.

The Post discussed the matter of observing the Union decoration day, May 30, and arrangements were made for a program for the occassion.

MR. EKMAN TO WED.

Will be Married Monday to Young Lady at Pierson, Volusia County.

P. G. Ekman, foreman for Contractor F. H. Beeman on the sewer contract, left Saturday for Pierson, Volusia county, where on Monday he will become a Benedict. He will take unto himself as a wife Miss Lagett Hastron, a charming young lady of that place, immediately after which they will return to Gainesville, to make this their home for the next few months at least.

Mr. Ekman is a well-known and popular young man here, and his numerous friends will extend congratulations in advance.

Wedding at High Springs.

Married, at the residence of Rev. Mr. Yates, High Springs, Friday afternoon, Herman Ernest Hirt of Charleston, son of the late Dr. E. R. Hirt, and Miss Susie Arabelle Bullard of High Springs.

The groom is a popular young man in the employ of the Seaboard Air Line, acting in the capacity of general yardmaster, and the bride is a lovely young lady, formerly of Savannah. They spent Friday night here, leaving in the morning for Jacksonville. After remaining there for a few days they will make their departure for the Jamestown Exposition, visiting friends en route at Columbia, Charlotte, Greensboro and Richmond.

The congratulations of a host of friends are extended them on their wedding journey.

A Fine Portrait.

A life-sized portrait of the late J. R. W. Grissome, who died at the home of his son, W. F. Grissome, Rochelle, a few nights ago, attracted a large number of people Friday. Through the courtesy of the owner of the portrait, Jas. F. Smith, the artist, it was displayed in a window at the store of Hyde & Tench. The portrait is a perfect likeness, and many were the sorrowing faces as they turned and walked away after looking at the picture. Mr. Grissome was in his eighty-sixth year at the time of his death, and was one of the pioneer citizens of Gainesville.

THURSDAY'S DOINGS AT TALLAHASSEE

Both Senate and Lower House Were Kept Busy During Day.

MANY IMPORTANT BILLS

Were Introduced—Some Passed, Among Which Was Bill of Senator McCreary, Relative to Amendment to Charter of City of Gainesville.

The Senate was called to order at 10 a. m. Thursday, President Harris in the chair.

After the usual opening ceremonies, the following were among the new bills introduced:

By Mr. Cottrell—To organize a county court in and for the county of Lafayette, to prescribe the terms thereof and to provide for a judge and prosecuting attorney and to provide for their salaries. As this was a local bill the usual procedure followed. Senator Cottrell moved that the rules be waived and the bill was read the second time by title and the third time in full and on roll call passed by vote of 24 to 0, and action of Senate immediately certified to the House

By Mr. McCreary—To provide for the keeping of a record by all firms of all sales of dynamite and providing for failure to keep such record.

By Mr. McCreary—Amending general statutes, relative to amendments to charter of the municipality of Gainesville. Rules were waived and bill read second and third time and passed.

By Mr. Hudson—To amend Section 651 of general statutes, relating to natural oyster beds.

By Mr. McCreary—To amend Section 3788 of general statutes, relating to throwing of dynamite or other explosives into any waters in this State for the purpose of killing fish.

Messages from House.

Messages from House of Representatives and their consideration followed as the next order of business and various House bills were properly referred to Senate committee.

House concurrent resolution, providing for joint meetings of certain Senate and House committees, were adopted.

Senate bill No. 113 by Mr. Crews—Providing for teachers' summer training schools following the usual order of waiving the rules was read the second and third time and on roll call passed by vote of 21 to 0.

Bills on Third Reading.

On motion of Senator Willis rules were waived and bills on third reading were taken up.

By Mr. Adams—Amending Section 264, general statutes, Chapter 22, of State of Florida, relating to guaranteed analysis of fertilizers; was read the third time in full and passed 23 to 0.

Senate bill No. 83, by Mr. Harris—

A bill to be entitled an act prohibiting the employment of minors under a certain age in factories, workshops, bowling alleys, barrooms, beer gardens and places of amusement where intoxicating liquors are sold, and in or about any mine or quarry, was read the third time in full, and on roll call passed, 12 to 10.

Senator Broome, is a few eloquent words, referred to the fact that Friday was a legal holiday, and a memorial day, in honor of the dead heroes of the South, and moved that when the Senate adjourned it should stand adjourned in honor of the day until Saturday morning at 10 o'clock. The motion was carried.

After the transaction of some otner business on special order, the Senate adjourned until 10 o'clock Saturday morning.

IN THE HOUSE.

The House was called to order at 9 o'clock Thursday morning and after prayer by Rev. Mr. Pruitt of Tallahassee and correction of the journal, the body proceeded to business.

The following were among the new bills presented:

By Mr. Farris of Duval—Providing penalties for corporations and persons connected with them; committee on corporations.

By Mr. Geiger of Lafayette, against inducing consent of parents or guardians. On motion of Mr. Geiger it was read a second time under suspension of rules. It applies to children under 16 years of age. It was referred to committee on engrossed bills.

By Mr. Paul of Holmes—Relating to pensions.

By Mr. Paul of Holmes—Relating to supervisors of registration.

Mr. MacWilliams, at his request, was excused from service on the committee to visit the asylum and Mr. Willis of Gadsden, was appointed in his place.

Under the head of special order, House bill No. 229, by Mr. Register, of Hamilton—Increasing the pension of John R. Perry of Hamilton county from $96 per annum, $300. Mr. Register moved that the bill be placed upon third reading under suspension of rules. Mr. Register explained the condition of the pensioner, and his record. Mr. Willis of Levy wanted the unfortunate soldiers to have all they were entitled to, but feared the precedent that would be established by the passage of the bill. He thought the rule should be general. Mr. Farris, Mr. Register and Mr. Parkinson spoke in favor of the bill. Mr. Watson favored this bill, and would let succeeding Legislatures to repeal the laws if they got too burdensome to the State. Mr. Carter remarked here that no one ever heard of a pension bill being repealed.

Mr. Richbourg of Walton suggested the members each contribute $2 for this particular case, rather than establish an objectional precedent.

Mr. Reese of Escambia made an eloquent speech in favor of the bill on its merits. Mr. Wartmann also favored the bill, which was passed by a vote of, yeas 52, nays 1, the negative vote being Mr. Johnson.

The House adjourned until 9 a. m. Friday.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

HARD ROADS NOW FOR EAST END

Road Teams Transferred From Hogtown Creek to East End.

ROAD TO PRAIRIE CREEK

Commissioner Pedrick Will Put Machinery to Work, and Proposes to Push Work as Rapidly as Possible. Hard Roads Now the Order of Day.

The road camps, which have been located on the Hogtown creek road for the past few months, where the team has been doing some fine work, has been ordered by Commissioner Pedrick of this district to take up the work on the roads in the eastern section, with the result that the team has been transferred to a point on the Gainesville-Prairie Creek road, about four miles to the eastward of this city.

This team, which is under supervision of Foreman T. R. Waits, proposes to begin at once the construction of a hard road from the "leaving off" point to Prairie Creek, a distance of about three miles. It is proposed to make this road of clay and gravel, as there is an abundance of both along the route. Clay and gravel makes an excellent material, hence this stretch of road will prove of great benefit to those who have occasion to use it.

The road leading westward from the University buildings was constructed of a combination of clay and soft rock, better known as marl. This road has given excellent service, and if the same material can be secured on the east there is little doubt but that the thoroughfare will be lasting and satisfactory.

Commissioner Pedrick states that he proposes to build the road now in contemplation in the quickest time possible. He will employ the traction engine and road machinery, as as well as the teams, and hopes to give the people coming from that way a fine road from Prairie Creek to Gainesville, a distance of about seven miles, in a short time.

ANNIVERSARY SESSION.

Center Lodge No. 11, I. O. O. F., Had Big Time Thursday Night.

Thursday evening the members of Center Lodge No. 11, I. O. O. F., in commemoration of the eighty-eighth anniversary of the order, invited the members of Cofax Rebekak lodge, the ladies' auxiliary, and the result was a most enjoyable evening.

During the evening delicions refreshments, consisting of ice cream, cakes and fruit, were served.

The refreshment committee, M. B. Saunders, N. R. Carter and Robt. McClellan, showed great ability in this line, and those present are under obligations to them for the magnificient spread.

Women's Pains

"I was a total wreck," writes Mrs. Beulah Rowley, of Champoeg, Oregon, "from pains I had suffered, for 4 years, every month. Sometimes I would be unconscious for 12 hours at a stretch. I did not know that anything could stop the pain entirely, but Wine of Cardui did. I advise all women suffering with painful periods to use Cardui and be relieved."

It does this by regulating the functions and toning up all the Internal female organs to health. It is a pure, specific, reliable, female remedy, with a record of 70 years of success. It has benefited a million others. Why not you? Try it.

THE FISH INDUSTRY WILL BE REVIVED

Fishermen Are Again Happy, on Account of Recent Rains.

LAKES AND STREAMS RISING

Fish Were Dying for Want of Water, But Recent Rains Have Caused Streams and Lakes to Rise—Full Force Will Soon Be at Work Again.

The recent rains, while they have been of a great deal of help to the growers of this section, will prove equally as helpful to those engaged in the fishing business, as the downpour will tend to swell the lakes and streams in the community, many of which had almost gone dry during the long and continued drought, with the result that the fishermen were suffering, as hundreds of men are employed in this industry in the vicinity of Gainesville.

One of the most important industries in Alachua county is the fishing industry. Up to the time when many of the streams and lakes went dry, and others were very low, thousands of pounds of choice fish were caught and shipped daily, and these fish were considered by connoisseures to be among the most delicate and toothsome in the country. The fish were shipped to many points, principally Macon, Atlanta and Cincinnati, where they always brought big prices.

The drought lasted to such an extent that the fishermen, who had big interests at stake, began to look blue, declaring that the lakes were going dry, and that they would be unable to fish much longer. However, the rains have now remedied the situation, and operations may be resumed, as the fish will soon recover from the receding waters.

The usual force of fishermen will again be employed, and the industry will be resumed in its former importance.

APPRECIATED THE MUSIC.

Prominent Attorney Donates Check of $10 to Show His Appreciation.

As a token of his appreciation for the excellent music rendered by Mrs. Becker, the organist, and Misses Christine Richards and Minna Hampton, violinists, during the recent mission services at Holy Trinity Episcopal church, a certain prominent attorney of this city who desires his name withheld, has sent to Mrs. Becker for the church a check for $10, asking that the same be accepted with his sincere compliments. He paid the musicians and choir a handsome compliment, remarking that the music was as fine as any church music he had ever heard.

It is needless to add that those interested appreciated both the compliment and the donation, which will be remembered.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MOVEMENT OF CUKES.

Several Hundred Crates Have Been Shipped from Rocky Point.

The cucumber movement from the Rocky Point section has begun, and the yield promises not only to be good, but the quality superior and the prices in proportion.

While the truckers as a rule have not yet begun to ship, one grower, D. P. Cannon, it is said, has shipped about 1,500 crates, all of which have been fancy, and which have realized good returns.

Cucumbers in the Northern markets are now quoted at from $3 to $5 a crate, according to size and quality.

Beets are also moving from the Rocky Point section.

ACTUALLY CURES CATARRH.

It is one thing to claim, but another thing to back up the claim by a statement that if not proven true, there will be no charge for the service or the goods. It is in this way that J. W. McCollum sells Hyomei, for he has so much faith in its power to cure all forms of catarrh and bronchial troubles that he gives an absolute, unqualified guarantee with every outfit that if the remedy does not cure the money will be refunded.

A complete Hyomei outfit costs but $1, making it not only a very pleasant method of treatment, but most economical.

An Enjoyable Hop.

An enjoyable informal dance was given at the home of Arch Zetrouer, Rochelle, a night or two recently, the same being complimentary to Messrs. J. H. Holder of Santa Fe and W. M. Barco of Dutton, who spent the night in Rochelle.

There were quite a number of young people of the Rochelle section in attendance, and it is needless to add that all thoroughly enjoyed the evening.

Messrs. Holder and Barco are quite popular in Rochelle.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

Solomon Morgan, for the past two years employed as baggage master on the Atlantic Coast Line has severed his connection with that line, and will accept in a few days a position on the Tampa Northern. Mr. Morgan is a Gainesville boy, full of ambition and energy, and his friends will wish him success always.

T. W. Pitts has returned from Cow Creek, where he owns considerable phosphate lands, and where he has been looking after his interests. Mr. Pitts is now engaged in the manufacture of a sandstone and cement brick at Tampa, and was showing a number of his friends here a sample yesterday. The company has just begun operations, but Mr. Pitts declares there's plenty of material and a good demand, and he proposes to make a good thing out of the venture.

Mr. and Mrs. W. M. Dale, Mr. and Mrs. W. E. Cadwallader and Mr. and Mrs. W. I. Crocker of Providence, R. I., who are visiting Mr. and Mrs. Cadwallader in his city, returned yesterday from a delightful visit to the world-famed Silver Springs, taking a run down the Silver Springs run of several miles. The party was delighted with the trip, especially the visitors, who had never beheld such an entrancing sight. This spring enjoys the reputation of being one of the most beautiful and wonderful attractions in the world, and thousands of tourists visit there annually.

MEMORIAL DAY WAS SPLENDID SUCCESS

Excellent Program Was Rendered From Band Stand Friday.

DECORATION OF THE GRAVES

Daughters of Confederacy and Friends Proceeded to Cemetery in the Morning Where Flowers Were Strewn. The Afternoon Ceremonies.

Confederate Memorial or Decoration Day, 1907, has come and gone, and it will be a day long to be remembered by the good people of Gainesville, who observed the day in the usual impressive manner.

In response to a call, the ladies of Kirby Smith Chapter and J. J. Finley Chapter, United Daughters of the Confederacy, assembled at the court house at 9 o'clock, where carriages were in waiting, and from whence the ladies and their friends were conveyed to the cemetery. There was an abundant profusion of fragrant floral wreathes and bouquets, and at the cemetery, with appropriate ceremonies, were tenderly placed upon the graves of those heroes who so nobly defended the cause which they lost, but which they believed was right, in the bloody, gloomy days of the Civil War.

Returning to the city, those who attended the exercises at the cemetery repaired to their respective homes, as the program had been concluded until the afternoon ceremonies, which began at 5 o'clock.

At the Band Stand.

At the band stand, in the close proxmity of which is the handsome Confederate monument erected by Kirby Smith Chapter, the exercises were held. There was a large and representative crowd present, being members of both chapters of the U. D. C., a detachment from Stonewall Camp, U. C. V., and representatives of Lew Wallace Post, G. A. R., of which Col. H. F. Dutton is commander, all of whom had been invited by Kirby Smith Chapter, under the auspices of whom the program was given. A battalion of cadets from the University of Florida was also present, lending dignity and impressiveness to the occasion.

The exercises were opened with an invocation by Rev. Francis M. Craighill of Holy Trinity church, who delivered a most beautiful and touching prayer.

Hon. Cristopher Matheson, who acted as master of ceremonies, next presented Congressman Frank Clark, who delivered the memorial address. Col. Clark enjoys the distinction of being one of the most eloquent and pleasing orators in all Florida, and it seemed that upon this occasion he was even better than ever, if such a thing was possible. For some time he held the closest attention of the large audience around him, every word being a word of good cheer and encouragement and praise for the noble women of the South, the speaker also frequently paying high compliments to the valor and bravery of the Confederate soldier in those trying days of war which rendered so many homeless and devastated so many fields which ware before the war thrifty and prosperous. The speaker paid special and glowing tribute to the heroism of Gen. Robt. E. Lee. He was heartily applauded during his talk and at the conclusion of his remarks.

Following Col. Clark Judge Horatio Davis, commandant Stonewall Camp, U. C. V., and one of the most widely known and most beloved survivers of the great conflict, presented, in his usual pleasing and impressive manner, several crosses of honor to those to whom they had been awarded.

The Kirby Smith monument was tastefully and appropriately decorated. Four streamers extended from the top of the shaft to each corner of the base of the monument, these streamers representing the colors of the Confederacy. There were also innumerable miniature Confederate flags in evidence, which made a very striking effect, and several rare pot plants and a liberal display of flowers added to the beauty of the decoration.

In all, the day was a success in every way. The weather was all that could be desired, the program was carried out with a perfect system, and the occasion will be remembered until another shall have transpired to take its place.

Card of Thanks.

W. F. Grissome of Rochelle was in the city Saturday, and made The Sun an agreeable call. Mr. Grissome requests this paper to extend his sincere thanks and appreciation to friends who were so kind during the illness and death of his father, J. R. W. Grissome, assuring them that their kindness will never be forgotten.
